An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

In claim 2, in part c), line 2 “, via a signal passage,” (as inserted by the Examiners Amendment mailed on February 26, 2004) has been deleted, in line 4 --, said source of water being water obtained upstream of said water treatment unit—has been inserted after “drain,” and in part d), line 2 --, via a signal passage, -- has been inserted after “responsive”.

Authorization for this examiner's amendment was given in a telephone interview with John Hlavka on May 24, 2004.

The changes made to claim 2 regarding deleting of “, via a signal passage,” from part c) of the claim and inserting “, via a signal passage,” into part d) of the claim were made to correct an administrative/clerical error from the Examiners Amendment mailed on February 26, 2004 and the insertion of terminology concerning “, said source of water...unit” was made to ensure the claims, upon printing, are consistent with claim 2, as amended, in the 371, international stage of prosecution.
